

Royal Adelaide Hospital Dedicated Parks

Green and Blue permit parking is available for patients to access when visiting the RAH for treatment within the 2E Radiotherapy, 3E Cancer Day, 7F Renal or 2B Hyperbaric outpatient units.

Green Permits

Outpatients visiting 7F Renal or 2B Hyperbaric for treatment can park their vehicles in any available 'Green Permit Only' spaces when the applicable permit is displayed, facing up on the vehicle dashboard.

Green Permit Only spaces are situated on level 2 of the underground car park, and best access via the **North Terrace** entrance. There are an additional 10 Green Permit Only spaces available on level 1 adjacent the 'F' lift entrance, and best accessed via the **George Street** entrances. See map overleaf.

Blue Permits

Outpatients visiting 2E Radiotherapy or 3E Cancer Day for treatment can park their vehicles in any available 'Blue Permit Only' spaces when the applicable permit is displayed, facing up on the vehicle dashboard.

Blue Permit Only spaces are situated on level 1 of the underground car park, and best accessed via the **George Street** entrances. See map overleaf.

Availability

Please note permits do not guarantee an available parking space. Permits can be used within applicable expiry dates with no priority basis. All vehicles entering the car park must abide by the terms and conditions as displayed at all entry points.

Access to the car park

Patients are encouraged to plan their journey ahead of time if travelling by car to the Facility. There are many entry points to the on-site, underground car park and entry is only available through the boom-gated entrances. **You must take a ticket to enter the car park;** the dashboard permit does not affect this required method of entry.

Parking policy and exemptions

Parking fee exemptions may be available to you if you meet the SA Health policy directive criteria. For further details on this policy, or to use any of the dashboard permits as provided by your treating area, please speak with your treatment provider or contact:
